

My name is Vivian Fong and I am a student of the Magee Secondary graduating class of 2020. I graduated from Magee's two-year leadership program and I've also been a consecutive recipient of the academic principal's list ever since grade eight. I am someone who is endeavoured to find the unrealized capabilities that I possess through ongoing efforts. I believe that I'm an open-minded adaptable extrovert who's also a diligent and responsible leader. I've always maintained a positive outlook, meaning that I never overvalue discouraging outcomes, instead I view failure as opportunity. My friends and family have always described me as an excellent sociable communicator with a considerate heart and a calm and collected image.

I have always loved all forms of art. From drawing to photography to dancing, art has always been an omnipresent aspect of my life. I started dancing when I was three and I have grown to become a passionate competitive hip hop dancer. For more than five years, I've danced concurrently in multiple competitive crews at Boogaloo Academy. Through dedicated training, my crews have won first place in many dance competitions in skill levels 3 and above including NXT Level, Peak Invitational and Synergy etc. The past Summer, I've also had the honour of competing on behalf of Canada at the World of Dance Championships 2019 in Los Angeles with my crew Soroarity and the Freshmen. We were qualified from winning top three in one of the three locations of World of Dance Canada. I have also been a member of the Greater Vancouver Regional Science Fair Volunteer Committee and have volunteered at the UBC hosted Science Fair.

In addition to extracurriculars, I am also an active participant in my school community. I am the founder and team captain of Magee's official dance team. Back in grade eight, I had discovered that Magee didn't have a dance team like most other VSB schools did, so I took the initiative in grade ten to establish my school's official dance team. After expanding it over the past three years, UMDC is now openly recognized as Magee's official dance team. As captain of the student-coached team, I am responsible for everything from original choreography to asserting competition status. UMDC has significantly increased Magee's school spirit and positively affected many others around me.

Recommended by my grade councillor and the principal of Churchill Summer School, I worked as a teaching assistant at Churchill Summer School in 2019. Interviewed and selected from more than thirty applicants, I'm one of eight members of Magee's marketing management team. We operate the school store and as a marketing co-department head, my duties include all marketing aspects of the store. Furthermore, I am the Vice President of the graphics production team Mr.Jay's Cool Club. Namely, it's not a club, but a team that assembles and designs merchandise for our school and community. I design original artwork for our orders, and I'm also responsible for design directing due to my widely recognized aesthetic abilities.
